Thaneeya McArdle is an internationally-collected artist working in a variety of styles, ranging from photorealism to abstraction, and a whimsical combination of the two. Her artwork is inspired by themes of spirituality, nature, travel, multiplicity and change, held together by a reverence for and appreciation of the everpresent unknown. She seeks to evoke a sense of joy and wonder through her artwork, with the belief that visual harmony creates a healing impact upon the viewer, which can then spiral outward to positively affect all areas of a person's life.
